YOUR TRIP TO THE CUT-YOUR-OWN CHRISTMAS TREE FARM

There's nothing like going directly to the farm and cutting down your own tree. You won't get a tree any fresher, and you have the pick of the litter! It can be a memorable family

adventure out in the country, so be sure to bring your camera!

When visiting our farm, we will supply you with a hand saw, especially made for cutting down Christmas trees (feel welcome to bring your own chainsaw if you prefer). We allow you to drive to the field, select your own tree, and cut down your own

tree. Twine (rope) is available at the office or house for you to tie your tree onto your vehicle. If you are unable to tie the tree on yourself, we will be glad to assist you. Be sure to tie the tree on top of your vehicle with the butt of the tree facing forward to prevent damage to the tree during the trip home.

At both the office and the house, we have additional branches in bundles along with wreaths and white pine roping for your decorating needs! Tree stands and tree disposal bags are also available at a minimal cost.

When you get your tree home, be sure to make a fresh cut on the base of the trunk. Put the tree into fresh, cold water immediately. Fresh trees can use about 1 quart of water per inch of trunk diameter per day. Do not let the tree stand become

completely dry, as it will inhibit the uptake of water for your tree. Be sure to keep your tree away from any direct heat source to keep it from drying out!

CHRISTMAS TREE LOTS – “2011”

Can't make it to one of the Christmas Tree farms this year to cut down your own tree? Don't worry, we also have conveniently located Christmas tree lots with our freshly cut trees available for purchase! Each tree is individually priced on the lots, and does not follow the cut-your-own price list. Each lot will have a large selection of different varieties as well as sizes of Christmas Trees. Wreaths, roping, bundles, and B& B trees will also be available on each tree lot. If you require an extra tall tree, call the main nursery (419) 883-3191 to check for availability on the lot. Hours on the lots are from 10:00 a.m. to 9:00 p.m.

CHRISTMAS TREE DESCRIPTIONS

❖ **Scotch Pine (*Pinus sylvestris*)**

Medium needled, non-shedding evergreen. Very stiff branches, with needles 1 inch long. Hold needles for four week, and has an open appearance with more room for ornaments. The most common Christmas Tree in the U.S.!

❖ **White Pine (*Pinus strobus*)**

Long, soft, non-shedding needles that can range from 2 to 5 inches in length. Very full appearance with excellent foliage color and a good, natural shape.

❖ **Fraser Fir (*Abies fraseri*)**

Non-shedding, with soft blue-green foliage. Flattened needles that are ½ to 1 inch in length. Good needle retention! This has become one of our most popular trees!

❖ **Douglas Fir (*Pseudotsuga menziesii*)**

A soft-needled , non-shedding tree. Needles are 1- 1 ½ inches in length. Needles radiate in all directions from the branch. Has become a very popular Christmas tree with a great fragrance.

❖ **Concolor Fir (*Abies concolor*)**

A soft-needled, non-shedding, blue-green Christmas tree with a unique fragrance.

❖ **White Spruce (*Picea glauca*)**

Short-needles that are ½ to ¾ inch long. Short, stiff needles that have good retention. Short needles make for easy decorating. Excellent foliage color with a good, natural shape.

❖ **Colorado Green & Blue Spruce (*Picea pungens and pungens glauca*)**

Short-needled with bluish-gray foliage. Needles are 1-1 ½ inches in length. This Christmas Tree has good symmetrical form and good needle retention.

HAND MADE EVERGREEN WREATHS – “2011”

We make our own wreaths with the help of experienced wreath makers. The branches and boughs are freshly cut and trimmed from our own trees on the farm. Special selected boughs, from top quality trees, are skillfully trimmed and fitted together to make these fine

wreaths. Large, coarse branches are discarded and only the soft tips and greener and fresher boughs are used. This assures you of the very finest natural wreaths available! The fragrance from our freshly hand-made wreaths is unbelievable! Once you have bought our wreaths and used them throughout the Christmas season, the old-fashioned fragrance of the greens will linger for years to come, and will never be forgotten! Extra heavy, full-bodied wreaths are our specialty!

Our wreaths are made from Fraser Fir and Douglas Fir greens, undecorated, in the following sizes:

12 to 15 inch.....	\$10.95
15 to 18 inch.....	\$13.95
18 to 21 inch.....	\$17.95
21 to 24 inch.....	\$21.95
24 to 30 inch.....	\$39.95
30 to 36 inch.....	\$49.95

****Decorated wreaths are available at an additional cost. We have waterproof red velvet bows available at \$3.95 per bow. Additional items are extra and are priced on an individual basis. Also available are extra large bows, cones, holly berries, snowmen, santas, reindeer, poinsettias, birds, real holly, baby’s breath, etc. that can be added to your wreath.**

WHITE PINE ROPING – “2011”

Premium, top-of-the-line, extra heavy roping! Tightly wired abundant White Pine branches. Easy to hang around doorways, windows, railings, fences, or drape from one arch to another, with or without lights.
